

Recognizing Bible Prophecy Today

William J.D. Shaw updated: Nov 12, 2021

Today many changes are occurring in the world. If the Bible is true in prediction of specific end time changes then it is proof of the Bible as being accurate. If not the Bible is a piece of fiction. The following identifies things happening or having happened at this point in time and others that might happen in today's time.

The Bible identifies those people born from roughly 1950 and forward, based upon Israel that became a Nation in one day in 1948, as being the generation that will not pass away until the end time comes. This is prophecy made by Jesus. This is the generation living in the atomic age, the electronic and computer age, living in the age of exponentially increasing scientific knowledge. In the Bible the end time is the second coming of Jesus and includes the wrath of God poured out on the world in a total of ten plagues, each being progressively worse than the one before it. This is briefly summarized in the following.

Prophecy that is directed to the end time is substantial and some appears to have been fulfilled at this point in time, other prophecy if the Bible is correct will continually come about as time progresses. The book of Daniel is one of the books that contains some end time prophecy. End time prophecy comes to us today from being made as recent as roughly 2000 years ago and as old as 2700 years ago. Consider the following scripture from Daniel of 2700 year ago.

[Dan 12:4](#) But thou, O Daniel, shut up the words, and seal the book, *even* to the time of the end: many shall run to and fro, and knowledge shall be increased.

The end time identifies people that are living , as being born roughly from 1950 and forward. These people have jumped on airlines and run to and fro. Air travel really took off starting in the late 1960's. Knowledge has been increased in an exponential manner, not only atomic but also nano, biological, medical, computers, electronics, genetics, astronomical and even archeological. As one example in 1961 Leonard Hayflick, a cell biologist discovered senescence, which is that human cells can only reproduce a finite number of times, being roughly 40 to 60 times. This is known as the Hayflick limit. This translates into man being able to live to a maximum age of 120 years. The oldest recorded person to date lived to 122 yrs. So what ? The Bible states that after the time of Noah, man can only live to **120 yrs**. Hayflick identified the reason why as new knowledge in our end time. Coincidence, maybe, maybe not.

Knowledge of DNA, RNA, sub atomic particles, and man's understanding today continues to increase faster than it ever has. The molecular understanding of cell regeneration has recently resulted in establishing that the theory of evolution could not bring about the wide variety of species of both plants and animals. The DNA, RNA sequences and the control mechanisms for turning on and off and controlling regeneration are so complex that they were designed, they did not evolve out of some cosmic soup. Darwin was wrong. The Bible states that the earth and all on it was **created by design**. Coincidence, maybe, maybe not.

The end time predictions of the Bible center around Israel. For roughly 2000 yrs the nation of Israel did not exist. Hebrew was a dead language. Suddenly in one day in 1948 the **Nation of Israel** came again into existence and Hebrew is now an active living language today. The Bible predicts that **the Israel desert will bloom** in the end times and that the **Jews** that are scattered throughout the world will **come back to Israel**. Yes, the desert is blooming in Israel due to the development of smart use of water in irrigation and desalination. Israel exports large amounts of produce, that small area being the relative size of New Jersey and its population, both contain 9 million people. Today about half of the Jews in the world have returned to life in Israel and the flow of those returning has not stopped. Likely with the **rise of anti-Semitism**, which is really increasing of late, throughout the world, those returning will continue to increase each year. The reformed Nation of Israel has survived against all odds as recorded in recent History. Today a Temple Institute in Israel has trained priests in the action of animal sacrifices and the **sacrificial altar is held ready** to be assembled at a moments notice. The Bible predicts in the **end times a Temple will again be built** and the **sacrifices re-instigated**. For this to happen Israel must exist. Recently with the many Arab Nations restoring normal relations with Israel, it is starting to look as though it will not be too long before the Jews will have access to being able to pray on the Temple Mount. We are told in the end times Israel will form a pact with many Nations which is suddenly starting to happen in today's time. Perhaps Saudi Arabia is next. Some time after these pacts are made an altar and the New Temple will likely follow. The Jewish Temple has been designed and waiting to be built when the correct time comes. Today Israel is a thriving and a growing Nation with a strong economy and a strong army. It is a world leader in research and innovation in many different fields. Looking at the number of Nobel Laureates per population Israel is number **12** in the world, the USA is number **15**. Coincidence, maybe, maybe not. Continue to watch.

Examine the generation that will not pass away, will be one that saw the re-formation of Israel as a nation. The following dates are extremely roughly estimated just to give a feeling of how close end time Bible prophecy is becoming. Using an average upper age of 85 yrs for people living today, and taking 1948 to 1950 as a reference point, that places the year as $1948 + 85 = 2033$ to $1950 + 85 = 2035$, or possibly closer, this is a very rough year estimate for the second coming of Jesus. Today that is not that far away. What is important is the start of the Tribulation. This is said to be 7 years before Jesus second coming. The Bible tells us the Tribulation period is 7 years long. That places the start of the Tribulation roughly at 2026 to 2028 or possibly closer as a very rough year estimate. The significance of the start of the Tribulation described in the Bible is that we are told there will be a **One World Government with a One World Economy and a One World Religion** operating over the entire world. A far out prediction, Coincidence, maybe or maybe not. Watch for it.

In fairly recent times there has been a lot of referring to a **New World Order**. The Coronavirus appears to be pushing the world towards a One World Economy, with some type of **"economic reset"**. The present Pope has for a few years now been pushing an agenda for a One World Religion, saying that all people worship the same God etc, Muslim, Christian, Buddhist, etc. The One World Economy could easily come about today with electronic money, bitcoins or various alternates etc. A few select rich people have been pushing a One World Government for a number of years and a number of previous American Presidents have referred to the New World Order. The Bible warns us to be particularly **on guard against a One World Economy** that will arise in the end times. Coincidence, maybe, maybe not. Watch for it.

Archeological evidence that supports Bible History has been continuing to be found especially since the 1970's and onward. More and more discoveries that verify the Bible are being made every year especially from the increase of various construction projects occurring throughout Israel as it continues to grow and thrive.

In the Bible the Book of Revelation is prophecy focused upon the end time and forward to the end of man on this earth. The intent of the book of Revelations was primarily to tell those approaching the end time, those that have to go through it, to repent and walk forward properly before it is too late. **There are seven letters by Jesus to the Seven Churches.** In keeping with the theme of Revelations, one would think that in today's time there must be seven Christian groups or types of Christian Churches. Guess what, **there are exactly seven groups or classes of Christian Churches today** and it is relatively easy to fit the seven letters to those seven Church groups existing today. Coincidence, maybe, maybe not.

The time approaching the start of the Tribulation period is called the **times of sorrow** in the Bible. There is no reference as to how long or short this time will be. However it is predicted that there are **three plagues of the wrath of God** that will come upon the whole world during this time. The plagues are predicted to become combined as time goes forward right up to the start of the Tribulation period. The severity of each plague is predicted to increase as time goes forward. The first plague is **wars**, but better identified as **taking peace from the world**, the second is **famine** combined with wars and the third is **pestilence** combined with famine and wars resulting in a **tremendous amount of death throughout the entire world, around 2 billion people.** The world has had wars and rumors of wars (also predicted) for a considerable period in reasonably recent times. However the Nations now becoming closer to war are major Nations of the world, rather than the minor nations that were warring previously. It is like the world is sitting on a powder keg with Russia, China, India, USA, Iran, and Turkey. There is a **special war** that the Bible predicts and that is known as **Ezekial's war**. These are the Nations of Turkey, Iran, Russia, Libya and either Ethiopia or Sudan coming against Israel. Libya and Sudan are proxies of Turkey and Russia. What is special about this war is that **God intervenes and saves Israel** through the use of natural occurrences, such as major earthquakes, meteor or volcanic showers and other weather activities, and possibly as well as supernatural occurrences. In addition the Nations of those coming against Israel will experience fire in their home countries and that in Israel it will take 7 months to bury the dead of those Nations that die upon the mountains of Israel, yes 7 months of cleaning the land in Israel of dead bodies. This is predicted to come at some time before the start of the Tribulation. Watch for it.

The **weather changes** occurring have wider fluctuations or are more erratic and becoming stronger as time is going forward. These bring droughts, fires, and floods and change insect behaviour. The end outcome will be the **promotion of famine**. The year 2020 appears to be setting this up with major crop failures throughout large portions of the world. China has been devastated by flooding, losing much of its yearly food supply. Locusts have been rampant across the southern hemisphere. One needs to watch in the coming spring 2021 and from then on to see if major famine surfaces in many nations of the world and continues to become worse each year. This is the second plague predicted. Watch for it.

Other end time prophecy predictions are an **increase of earthquakes** throughout the world. Deception and false Bible teachers will arise and as a result of the internet this is well underway. However a major prediction that one would never expect is that **lawlessness** would arise throughout

the world. We are seeing this suddenly today as a direct result primarily of Covid-19. Today in nations where the quality of life has never been so good, un-expectedly we are seeing lawlessness everywhere. Coincidence, maybe, maybe not.

The Bible predicts that mankind will have to take a special mark buried beneath the skin either **in their hand or in their forehead**. This mark will not be visible and will have to be taken or accepted in order to be able **to buy and sell**. This is the test that the Bible tells us that God designed for all mankind. You pass the test if you do not take the mark, but you fail the test if you take the mark. The Bible prophecies that if you pass the test you receive a great reward, if you fail you receive a great punishment and in addition you will suffer the plagues of God during the Tribulation, while those that pass the test will not be affected by the plagues through the Tribulation. **This test occurs just before the Tribulation starts**. Once the Tribulation starts it is predicted that it will be too late, you cannot change your mind, that option does not exist. So all the other predictions that occur during the Tribulation period, and there are many, will not do you any good when seeing and recognizing them. The technology for marking people is here now using special nano designed material placed as a QR code marking beneath the skin, which will be combined with computer data bases and Artificial Intelligence that will identify each individual accurately, quickly and completely using a special rapid scanner. The nano material called quantum dots responds in some manner to a specific frequency, developed recently at MIT. The Bible prophecies the location of placement that coincides with suggestions we find in circulation today. Check China's recent suggestion for marking mankind with QR codes. This method of marking is now here today, a method that will not be able to be fooled. Coincidence, maybe, maybe not, watch for it.

The third plague that is prophesized to come will be disease combined with war and famine. **An extremely large number of people throughout the world will die, being in the order of 2 billion people**. . Prophecy tells one that when this occurs the start of the Tribulation will be standing on the door step. Watch for it.

We are told in the Bible that **in the end time more scripture will be opened for understanding**. There is a section of prophecy on Jerusalem being overrun by the Nations. This has been taken by most Christians as being fulfilled in 70 AD. In this prediction there is a **verse that appears to have no meaning to those living before 1948**, as first Israel did not exist and second the atomic age had not really come into its own. That verse refers to Israel existing and says that **man has the ability to destroy the world and himself completely**. That verse is only now open to those living in the time of seeing Israel as a reformed Nation and knowing about the threat of nuclear war. Now days there are enough atomic bombs to destroy the world several times over. If the explosion or the radiation does not get you, the nuclear winter definitely will. Coincidence, maybe or maybe not.

Mat 24:21 For then shall be great tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be.

Mat 24:22 And except those days should be shortened, there should no flesh be saved: but for the elect's sake those days shall be shortened.

The Bible often has duality in meaning and this section of prophecy has meaning to some limited degree to 70 AD. But the one verse that previously had no apparent meaning for an understanding, now in today's time tells one that the main event prophesized is about to come about during what is called the Tribulation. To see this you need to be living in the atomic age. This is one example of end time Bible understanding being opened. Coincidence, maybe, maybe not.

To date the following Bible Prophecy has been fulfilled; Israel is again a Nation, Hebrew is again a living language, Jews scattered throughout the world are returning to Israel, the Israel desert is blooming, people run to and fro, knowledge is increasing phenomenally, the theory of evolution is wrong, the species on earth were designed by a higher being, Israel has an altar ready to be used and priests have been trained for daily sacrifices and a Temple Institute is ready to build a temple, many Nations are establishing normal relations with Israel, a One World System is being pushed by the world elite and appears close, Seven types of Christian Churches exist today and are easily identified in the seven letters, increase of earthquakes throughout the entire world, the sudden rise of lawlessness throughout world resulting in peace being taken from the world, and Bible prophecy previously concealed being opened to understanding. In addition a number of things that are predicted and have not yet occurred are covered above and will need to be watched for and may come to being fulfilled shortly.

When one examines everything together in what prophecy has been fulfilled to this point in time, it is beyond any science fiction prediction especially considering it is coming from Bible prediction of 2000 years ago. Note that the time to the Start of the Tribulation is 7 years before the end of the Tribulation with major changes, making it very roughly our year 2027, or considerably closer, not very far away. That means if Bible prophecy is true, one must chose carefully with respect to accepting or rejecting a One World Economy. For if Bible prophecy is true and you chose incorrectly, you will lose your life both on this world and in the world prophesied to come. Do not lose sight of the fact that the Bible prophecy we can see fulfilled today was made over 2000 years ago. Watch for the rest. If the Bible is true continued prophecy will be fulfilled over the next few years.

If you think Fascism, Socialism or Communism on a world wide scale (One World Government) will never happen check out the “**Great Reset**”. It is led by Klaus Schwab of the World Economic Forum (WEF) and subscribed to by the Global Elite. The following are some of the active members pushing this agenda, Prince Charles, Antonio Guterres (UN Secretary), Gina Gopinath (IMF chief economist), Boris Johnson, Trudeau, Biden and the Democratic Party, Bill Gates, Presidents of International Corporations such as BP, Microsoft, Apple, Google, Facebook, Pfizer, and Moderna. If you doubt this, check out the following web page and follow the various links www.climatechangedispatch.com and go to - [Only One USA Candidate is Pushing for the Socialist “Great Reset” theme] it has lots of other links attached to it.

Be careful that you do not blatantly discard everything in the world around you as wild conspiracy theories when they are predicted to occur from Bible prophecy made over 2000 years ago.

Note that to date roughly just over 2 million people throughout the world are reported as having died from Covid-19. Putting things in proper perspective compare this with the yearly deaths throughout the world for 2019, which is 60 million deaths. Another comparison is that there are roughly 1.4 million deaths per year from vehicle accidents.

The Bible predicts world wide changes and events. Currently (2021) we see **Peace being taken from the world**, a few years ago you would never have believed that could happen. We see unjustified and illogical **hatred** rising up from the vaccinated towards the unvaccinated. **Famine** is predicted and appears it is close. Major deaths are predicted, these have not started yet.

Some reference material listed below is good in order to give a broader understanding of our knowledge of the world we live in.
