

Possible Sh'mita year

William J.D. Shaw, Updated Feb 5, 2022

If one uses the return of Yeshua, or second coming, as coinciding with a Sh'mita year, with a Jubilee year following (+1), then the following table establishes the possible dates and the years from today's date to the start of the Tribulation. If a Jubilee year, then it starts right after the end of the 7 yr Tribulation. It would be the start of the new beginning, a reset, the start of the Millennium.

The following table of years, is set up for possible Sh'mita cycles coinciding with the Tribulation.

Possible Sh'mita	Start Tribulation	End Tribulation	Yrs to Start Trib	Jubilee - Yovel
2015	2022	2029	0	2030
2016	2023	2030	1	2031
2017	2024	2031	2	2032
2018	2025	2032	3	2033
2019	2026	2033	4	2034
2020	2027	2034	5	2035
2021	2028	2035	6	2036
2022	2029	2036	7	2037
2023	2030	2037	8	2038
2024	2031	2038	9	2039

The following consideration is based upon logic as being reasonably probable.

The three plagues will operate over a number of years. The first plague started in 2020 and now has been running 2 yrs. The second plague appears to be just starting in earnest this year, 2022, and to fully be felt will likely run 2 years before the next plague starts. The third plague will likely run at least 2 years, to truly be recognized and felt, it might run possibly a year longer.

Thus at the moment it appears that there are possibly 3 or 5 yrs to the start of the Tribulation. Those years are highlighted in blue in the table. An alternate scenario would be 1st plague 2yrs, then 2nd plague 3 yrs, then 3th plague 4 yrs (initial starts by themselves). This would result in 7 yrs from present to start of Tribulation. This 7 yrs is based upon other analyzed information, to possibly be the longest time from present to the start of the Tribulation. Since we are not given the time duration of the days of sorrow or the time duration over which the first three plagues of God occur, we can only estimate roughly the time to the start of the Tribulation. As time goes on our ability at estimating will converge and become more accurate.

It is possible that Ezekiel's war could take place 7 years before the start of the Tribulation, as well as anytime just before the Tribulation. So 7 yrs to the Tribulation at this time is still a possibility.

From an internet survey of when the Sh'mita cycle occurs in today's time the following summary was found from 7 different sources. The sources used were: Nehemia, Chabad, Dumont, Set Apart, Signs & Prophecies, IFCJ, My Jewish Learning.

2021 - 2x

2022 - 3x

2023 - 2x

The above shows no consensus, each source believing they are right.

Recognize that God announces the start of the Tribulation in a manner that those Christians that know their Bible, cannot miss in recognizing the start.

This study generally indicates that the time remaining in years for one to correct themselves and walk in the manner God requires one to walk, is very short.
