

In the End Time what is in store for man

William J.D. Shaw Updated: July 30, 2023

1. Introduction

Everything given in this document is based solely on scripture with logic. It is not based upon speculation. Scriptures given are from the KJV.

The end time is well described in scripture. It is the wrath of God coming down upon the entire evil world and Yeshua's (Jesus) second coming. The prophets in the Old Testament continually warn of this time that is prophesized in their future. It is a call to everyone to repent and walk forward in obedience to God's laws before it is too late. After Yeshua's second coming and the destruction of all evil people, the Millennium begins.

Unfortunately man always thinks that the end time and Yeshua's second coming is a long way off in the future. Well the future is here today! Nearly everyone is blind and deaf when it comes to recognizing prophecy being fulfilled in today's time. Even scripture tells us that this occurs, where nearly everyone is walking as in the days of Noah, thinking that Yeshua's coming is far in the future and that they have many years of normal life ahead of them.

If one looks around at what is happening in the world today, one will see the sudden rise of unbridled evil which is worldwide and is occurring in every nation. In addition there are threats of major nuclear war between major nations. Also famine is growing rapidly due to erratic weather and nations curtailing food production in the name of saving the world from climate change.

God's word clearly tells us that in the end time a Tribulation of 7 plagues will be brought down upon the entire world over a period of 7 years. We are not told the time when this will start. Christians that study Bible prophecy focus upon this event and mainly upon the midpoint. The start of the Tribulation is the key or important time as your fate is sealed at that point, being dependant upon your choice.

In God's word there are many clues given to us, unfortunately few recognize these as it requires thinking with solid logic. In addition nearly everyone has many preconceived ideas that are wrong. These come from the teaching by pastors that follow Church Doctrine and recognize they were originally taught in a classroom by others. The pastors were not taught by guidance from God's Holy spirit. The errors they learn they teach, thus these are perpetually taught to their congregations, so it is in fact a case of the blind leading the blind.

In Revelations there are two clues given covering the end time plagues of God. These are the following;

Rev 15:1 And I saw another sign in heaven, great and marvellous, seven angels having the **seven last plagues**; for in them is filled up the wrath of God

Rev 21:9 And there came unto me one of the seven angels which had the seven vials full of **the seven last plagues**, and talked with me, saying, Come hither, I will shew thee the bride, the Lamb's wife.

These both say the same thing, that there are more than 7 plagues, rather there are some unknown number of plagues ahead of the Tribulation plagues. In order to recognize this one must think with logic. Understand **all** scripture is truth and given to man for a purpose. To find how many more plagues, one must go and search the scriptures.

2. The Missing 3 end time plagues

There are 3 plagues ahead of the start of the Tribulation. This makes a total of 10 end time plagues. The analysis of scripture used to determine this is found in other documents. Suffice it to say that it correlates to the plagues in Egypt in many instances. However the theme between that of Egypt and the end time theme are totally different.

The theme of the end times are the destruction of all evil people and the collection by Yeshua of his **Saints only**. Yeshua is not coming to collect all those in the Churches, rather it is the end of the Churches. It is an unprecedented time where God extends a great reward to all people especially to those who profess to be Christians. Opposite to the great reward is terrible punishment. A special test is going to be given by the LORD to all people in the world. It is a pass or fail test, and it occurs just before the Tribulation is announced as starting.

In order to pass the test one must place all their trust and faith in the LORD. This means for the very few in the Churches that accept this way forward, they will most likely be killed or martyred for their belief. There is no compromise, it is pass or fail only. Those that fail the test accept the side of the evil world. Once taken the outcome of the test is permanent, it cannot be changed. Failing the test means losing one's salvation, a salvation that one would likely have obtained if dying in normal times before the test was given. Failing the test of God means one will spend eternity in the lake of fire, where their worm dieth not.

Those in the six mainstream groups of Christian Churches of today (Roman Catholic, Orthodox, Latter day Saints, Jehovah Witness, Seventh Day Adventist and the Protestant), who think that Yeshua is coming to collect those in the Churches are going to be severely shocked. The only ones He will collect are those who pass the test and then go through the Tribulation earning the right to become a Saint. Those in the six mainstream groups of Christian Churches do not walk the same as the early congregations as set up by Paul and the Apostles, meaning they are not the Saints. The mainstream Churches all say in error, the Torah or Law no longer applies. Yet Yeshua tells us that the Torah is in full effect up to the Last Day, the second resurrection. All of this is clearly given in scripture and will be identified later.

The first end time plague is peace being taken from the world. The second end time plague is world famine. The third end time plague is tremendous death. These are clearly given in God's word. Once each plague starts it continues up to the start of the Tribulation and it is joined progressively by the other plagues. They all act together with each becoming more severe each passing year.

The first plague started early in 2020, it was covid-19 and the entire world responding in the same manner with lockdowns, social distancing, masks, working from home and continually pushing fear on people. This is a clearly marked milestone event. It then grew into the experimental mRNA gene therapy being coerced upon the world population. Then it was followed by war with major nations, Russia versus USA with NATO. It keeps accelerating towards the likely possibility of nuclear war. Other war threats are also rising between China and the USA, also Iran versus Israel. In addition, there is also a loose card being North Korea.

The second plague started in 2022 and is getting well underway in 2023. This is world famine, a days wages for a days food. It joined in with the first plague that had occurred for 3 years at that time. The erratic weather, controlled by God, is mainly what causes this plague to grow. Also world leaders and nations are under God's control and pushing to reduce food production further helping to promote famine. This action by nations is being carried out in the name of saving the earth from climate change, which is a new religion. The Russia-NATO war promotes famine as well. The whole world will experience this growing plague, unfortunately the nations that are not affluent will experience the effects of famine first in a major way. The others will catch up over time.

The third plague has not yet started. It is death followed by hell, with an accumulation of death reaching 25% or 2 billion people by the start of the Tribulation. To put this in perspective at the moment roughly 70 million people died in 2022. Deaths with this plague, from all sources, war, disease, famine, pestilence, weather etc, all acting together will reach 2,000 million people. Once started it will grow exponentially. There is a hint that the mRNA gene therapy shot may take an active role in these deaths in the affluent nations, while famine dominating in the poor nations.

The time duration over which these first three plagues occur is not given to us. But from what is seen to date the number of years remaining to the start of the Tribulation is very few.

A major error to be aware of that is preached by many Church pastors is that the Christian Congregations are taken before the Tribulation begins. Scriptures clearly state that this does not happen, no one is resurrected until the very end of the Tribulation with Yeshua coming in the clouds. All in the six mainstream Christian Churches of today that are alive at the start of the Tribulation will need to take the test of God. There is a remnant Church or Congregation, a seventh Church, scattered throughout the world with very few people. It follows Yeshua and keeps the Torah. They will not be required to pass through the Tribulation, but it will not be by a resurrection.

In order to understand the truth of God's word, one must read in proper context and with a totally open mind. Only a minuscule number of people are able to do this.

Not being able to see, first that we are living in the end times and second that the first two end time plagues of God are currently under way, one must be blind and have no real or true understanding of God's word.

In the New Testament, Yeshua and the Apostles warn us to watch out for deception, in the Church and from the world. This warning is given 17 times, meaning it is extremely important and must be taken to heart. Yeshua also tells us the deception will increase in the end times. This warning has never been taken to heart by either the pastors or the congregations. Deception in the world today is phenomenal and has been over the last 4 years. Mainstream news filters only what they want you to know and the pastors preach lies that are never questioned.

3. The effects of the first 3 Plagues during the Tribulation

The first 3 plagues are the warm up plagues, the plagues in the Tribulation become worse and worse as time progresses with each new plague. However, the first three plagues do not suddenly stop once the Tribulation plagues begin; rather they continue and become more and more severe with each new plague of the Tribulation.

The following is based upon scripture along with visualization and logic giving the most likely effects.

The first plague of the Tribulation is the fourth plague of the series of 10 end time plagues of God. The fourth plague is where fire rains down from heaven and burns up all the grass and a third of all trees. The fire falls on and burns people and animals that are outside, it destroys crops throughout the world as well as burning cities and infrastructure. The smoke from the burning will block the sun and make breathing difficult and dangerous. In effect this plague further takes peace from the world, creates continued and much more severe famine for both people and animals and continues to kill people as well as animals, both those that are domestic and wild. The fourth plague continues the action of the first three plagues, making life on earth more and more difficult. It is where the population of the earth, all people, find themselves forced into a survival mode. It will promote anarchy and death, with people struggling to survive in killing others.

The fifth plague is that of a burning mountain being thrown into the ocean where we are told that a third of the ships are destroyed along with a third of all the life that was in the ocean. First this would result in a large tsunami that would affect the sea coasts of the continents on both sides of that ocean. The large population of the world lives along the sea coasts. This action would result in tremendous death of people and major destruction of world infrastructure. Second the destruction of fish and fishing vessels would further act in promoting famine even more than it was prior to this plague. Yes the effects of the first three plagues continue becoming worse with each plague of the Tribulation.

With the other plagues of the Tribulation, each one makes survival more and more difficult and tremendous death continues to occur. A phenomenal reduction in the world population continues with each plague. The Tribulation is a time that only very few will survive to the end. Then at the end all evil people that remain will be purged for a new beginning of the Millennium.

Note that the end time also focuses upon the nation of Israel. Thus Israel as a nation must exist in the end times and the animal sacrifices and a temple must also exist since the antichrist plays a major role in Israel as given to us in scripture. Currently in Israel an altar exists and is ready to be set up and used and also likely a temple is ready to be installed quickly when the right moment comes. Levite priests have been trained for functions of sacrifice and temple activities. **A number of unblemished red heifers have recently been transported from the USA to Israel and these will be burnt and the ashes used to consecrate the altar, utensils' and the temple.** Movement is currently in the works for Israel to have a portion of the temple mount. These actions in Israel is in itself is a major indicator that we are in the end times, although there are many other indicators in scripture.

4. Conclusion

The end times are upon us with a large number of scriptures indicating that the start of the Tribulation is very close. These are in addition to being able to recognize that the first 2 plagues of God that are currently coming down upon the entire evil world and the third plague is not far off.

Mat 24:22 tells us that those living in the atomic age with possible nuclear annihilation are living in the end times. Also Dan 12:4 tells us of knowledge increasing and people running to and fro in the world at the time of the end. There are many more, if you still cannot see it, then you will go forth and suddenly find your life is threatened and it may be too late to find the truth and prepare for what has quickly come upon you.

The first three plagues of God that come down upon the entire evil world are just the warm up of what will continue in the Tribulation once it starts. Yes famine, people dying and peace being taken from the world will continue through the Tribulation with plagues becoming worse and worse with each new plague. Very soon the entire world will be in a survival mode.

Those in the six mainstream groups of Christian Churches of today, that are alive at the start of the Tribulation, will be required to take the test God brings down upon the entire world and then pass through or into the Tribulation. Those that pass the test will be marked by God giving them protection from the 7 remaining plagues, but not from evil people and evil nations.

Putting ones faith in pastors who all walk as in the days of Noah, will result in finding yourself suddenly aware that the Tribulation is about to start and you are still in the world. Those that buy into the lie that Yeshua is coming to collect the Church and they will not be required to experience the Tribulation are in for a terrible shock. You are responsible for what you accept, you cannot blame others.

Everything is there in scripture, it is clear if you read it in correct or proper context with an open mind and no preconceived idea using solid logic. The only Doctrine one is to follow is the complete Bible itself, not any Doctrine put together by a committee of men.

The first instruction or command given to us from Yeshua is that of Mat 4:4, that man shall not live by bread alone, but from every word of God. Do you know how to read that scripture in proper or correct context ? Very unlikely ! That is a quotation of Deu 8:3 by Yeshua. Only the Old Testament was in existence when Yeshua walked on the world as a man. It was not until 30 to 60 years after Yeshua ascended back up to heaven that the New Testament was written and came into existence. Note also that the New Testament was written by Jews and given to Jews. For the above quotation by Yeshua, If you can think with logic, that means you can recognize that Yeshua has told us there is one complete Bible, both Old and New Testaments. Yes the Old Testament applies equally today as it did when first given. The two Testaments together are the complete word of God. That in itself tells one that the Torah or Law is still required today. In addition Yeshua in Mat 5:17-19 tells us directly that the Torah is fully in place until the Last Day, the second resurrection. Mat 5:17 is read out of correct context by pastors, they say Yeshua did everything for us and we do not have to keep the Law. Use Strong's number the word fulfill can mean do away with or **preach fully**. That verse means Yeshua came to teach us how to walk in the Torah. Twice in Mat 5:17 Yeshua tells us He did not come to do away with the Torah. In addition all three verses Mat 5:17-19 go together. The logic is consistent telling us the Torah is required to be walked in. Pastors and Church Doctrine has it totally wrong. Scripture also tells us the Torah is enforced with a rod of iron throughout the coming Millennium.

Time is fast running out, currently you have a choice, continue to walk in total ignorance following pastors and Church Doctrine **or wake up** and start reading and learning what scripture really says in order to prepare for what is coming and be able to pass the test.

Reflect on the following scripture;

[Psa 116:15](#) Precious in the sight of the LORD *is* the death of his saints.

**
