

# 3I/Atlas

William J.D, Shaw    Updated September 6, 2025

## 1. Introduction

We are told that in the end times there will be signs in the sky. God will use His Universe to get our attention. Yeshua told us this would occur as follows.

Luk 21:10 Then said he unto them, Nation shall rise against nation, and kingdom against kingdom:  
Luk 21:11 And great earthquakes shall be in divers places, and famines, and pestilences; and fearful sights and great signs shall there be from heaven.

That has been happening more of late with a blood moon occurring tomorrow, erratic solar activity, alignment of 6 planets, more large asteroids found and passing through our solar system and now an unknown visitor labeled 3I/Atlas.

We are living in the Times of Sorrow, the signs of the leaves on the Olive tree are occurring and the first two end time plagues of God are underway; peace being taken from the world and Famine, these are currently coming down upon the evil world. Unfortunately, few Christians recognize these end time events.

The Universe is God's and was made by Him. He controls it. This 3I/Atlas is His.

This unknown space object has definitely gotten the world's attention and will continue to dominate the news for quite some time. 3I/atlas was first identified in July 1, 2025. The trajectory is 5 degrees off our elliptical plane of planets. The closeness to passing by Mars is not occurring by chance. The timing of this comet arriving at this time as God's wrath is coming down upon the evil world is not by coincidence. It is very possible that as 3I/Atlas passes by the sun on Oct 29 and interacts, it is very likely that major earthquakes and possible volcanic activity will occur. We just need to watch. Additionally on Nov 2 it passes by Mars and other interactions on earth may take place. Then it passes by earth on Dec 18 and then heads off to Jupiter and passes by it on Mar 15, 2026. On Aug 10 an alignment of 6 of our planets took place. A blood moon will occur on Sept 7. The carbon dioxide to water ratio is very similar to that on Mars. The comet travels at an amazing speed of 58 km/s, It follows a hyperbolic trajectory. It has a coma of dust and mainly carbon dioxide surrounding it that is  $\frac{1}{2}$  the size of the sun. The core of the comet is thought to be 1km in size. It has nickel but no iron, making it coming from outside of our galaxy.

When you consider all of these events occurring with the presence and composition of this intergalactic visitor, it is definitely God's hand at work. We need to watch carefully as to what if any events occur to our planet.

At the very least, this visitor is God getting our attention in the heavens. We are told in scripture that there will be many more events in the heavens as the wrath of God continues to descend upon our evil earth.
